

Agri-tech is the use of technology that is developed to improve efficiency, profitability and environmental sustainability across the agricultural supply chain.

CREATE CHANGE SOLVE PROBLEMS

Do you know about the problems faced in food and fibre production? Are you interested in how technology can solve these problems?

\$5000 in cash prizes & a trip to Brisbane to be won!

How to enter the video competition:

STEP 1 Tell us about the problem you've identified faced by the food and fibre industry

STEP 2 Come up with an idea for an agri-tech based solution to the problem identified in step 1

STEP 3 Pitch your agri-tech solution in a 3 minute video and submit via - womeninagri-tech.com

- Interactive teacher and student resources are available to help you through the process
- Teams of 2 - 4 female students can enter with multiple teams per school allowed
- Teachers are allowed to mentor and provide guidance to students
- Winners will be chosen from two age groups: Year 7 & 8 and Year 9 & 10
- The teams from each age group who win first place will be flown to Brisbane to participate in a 2 day entrepreneurship bootcamp

CASH PRIZES

In each age group:
1st place - \$1000
2nd place - \$600
3rd place - \$400
People's Choice - \$500

Key dates:

Applications Open: 4th of March 2020
Applications Close: 27th April 2020
Winners Announced: 29 April 2020
River City Bootcamp: Late May/Early June

Be creative! The video can be recorded with your mobile phone or you could try animation or illustrations. You don't even have to use the whole 3 minutes!
